

There is an attempt to sweeten the deal according to the latest article from the La Crosse Tribune. Read the article yourself to see how sweet it is!! This will involve the largest grab of wetlands on any frac sand project to date. Mining will take place in Jackson County!

*.....keeping
watch on the
industry*

Issue: ISSUE # 130
Date: MARCH 19, 2017

**DO WETLANDS HAVE ANY VALUE IN
WISCONSIN?
READ THE LATEST ON THE PLAN FOR METEOR
TIMBER FOR THEIR TRANSLOAD/DRY PLANT
PLAN IN GRANT TOWNSHIP IN MONROE
COUNTY. THE MINED FRAC SAND WILL BE
TRANSPORTED ABOUT 14 MILES FROM
JACKSON COUNTY TO THIS
TRANSPORT FACILITY BUILT ON WETLANDS.**

**Does Grant Township have an ordinance? Does it
have a comprehensive plan? Does the Army Corp
of Engineers and the Wisconsin Department of
Resources endorse this project?**

**What influence can citizens have on saying "NO"
to this devastating plan and its impact on the land,
the air, wildlife, flowers and plants, and the general
nature of this water rich resource?**

http://lacrossetribune.com/news/local/timber-company-sweetens-deal-for-monroe-county-frac-project/article_0bad53e9-0284-5106-a1d1-9d9f7c181aa5.html?utm_medium=social&utm_source=email&utm_campaign=user-share

Below is an earlier report from January, 2017

http://host.madison.com/news/local/environment/timber-company-says-ok-frac-sand-facility-or-it-will/article_58935199-7a0a-5e92-82f5-12c9aa9c22eb.html?utm_medium=social&utm_source=facebook&utm_campaign=user-share

You will find a helpful document at this link. It is written by the Wisconsin Wetlands Association and may be of assistance as you think though the Meteor Timber Project in Monroe County.

<http://wisconsinwetlands.org/puttingwetlandstowork.pdf>

Many working together will be needed to look critically at the project offered by Meteor Timber, the Army Corp of Engineers, and the Wisconsin Department of Natural Resources. Citizens and town board representatives will have to live with this project for many years into the future.

Be sure to look for some type of hearing to be held in April. There are several people in Monroe County very concerned about this project. It will not only impact Monroe County but also Jackson and surrounding counties. Wherever there is rail, there may be transport of this frac sand.....and just remember that in the frac sand industry, pollution knows no boundaries!
