**CLEAR CLEAN WATER....  
AND NOT A DROP TO DRINK?**

**<https://www.youtube.com/watch?v=ZjORKc-ME4Y>**

**This is 2 linked video--the water lobby day held in  
Madison and then footage of CAFOs. They are  
really GOOD!**

**Also, The town of Saratoga won a ruling in court  
against Wysocki regarding Golden Sands  
Dairy. It's a CAFO that wants 33 hi cap wells in  
Wood/Portage counties!!**

**Let us all work together to assure that Wisconsin  
(and other upper midwestern states) are known as**

**"clean water states". It is our right to assist that our leaders work in that direction to protect us and future generations.**

**In some locations in WI, sand mining companies are being purchased by even larger corporations. They may not have the ownership we would desire in practicing sound scientific practices we desire! And the WDNR and the EPA will not be protecting any of us. We do not want to have any part of living in THIRD WORLD CONDITIONS!**
