Issue: # 145  
Date: JULY 6, 2017

Hello,

As you may  
have heard,  
the 5th Annual  
Love Water,  
Not Oil Ride is

traveling through Wisconsin for the second  
time! Honor the Earth, an organization  
dedicated to helping Native American  
communities created the Love Water, Not Oil  
Tour 5 years ago when Winona La Duke and  
others rode the route of the proposed  
Sandpiper and Line 3 Replacement  
pipelines. The Sandpiper Pipeline has been  
canceled since then, but the fight against the  
Line 3 Replacement continues.

Last year, the tour added in the Line 61 Pipeline route to draw attention to the new potential [Line 61-Twin](#). They are coming back this year! They will be riding through Wisconsin July 10-15. [Learn more here](#). This year they are up 40 horses and 60 riders! Riding through Wisconsin builds up an appetite!

We're helping to put on a potluck in Gilman on July 11 in the evening to feed the riders and hear about their ride. We'll also hear from others fighting the Line 61-twin in Wisconsin. We need your help to organize the potluck and cook.

Can you help support them? If so, [fill out this form here](#). Make sure to include what kind of dish you could bring to the potluck!
