

Subject: A STUDY ON POLLUTANTS FROM THE LANCET

1. Take a look at a recent study on pollutants!

*.....keeping
watch on the
industry*

Issue: # 165
Date: NOVEMBER 11.
2017

Important study done by the Lancet Commission on Pollution and Health has been released.

Contaminates are a leading killer of our population. Frac sand mining, processing, and trans-load facilities are a very big contributor to pollution as are metallic mining facilities which have now been given the go-ahead for mining without a moratorium.

Take a look at the recent report at the link below.
