**The evening of January 12 was ripe for celebration in Alma, WI. The CUP for the Breezy Point Mine in Buffalo County was turned down (3-0). The people from Nelson did a meritorious job of defending their interests and a sizable group from Wabasha listened and supported the cause!!! Here is a quote from one of the Wabasha folks:**

**"I did not go to the public hearing but just heard the good news that the CUP was turned down by a 3-0 vote. Wabasha was well represented at the public hearing.**

**I was able to attend the 1:00 Breezy Point presentation and also joined the BOA and others for the chilly site visit. We actually met in three different locations to view several lovely valleys that would have been mined if the CUP was approved. Perhaps it was a good omen, but during the site visit, a pair of Golden Eagles played in the sky."**

**CONGRATULATIONS TO ALL!!! And a big thank you to all who participated!**
