From Katy at FOOD AND WATER WATCH:

"We are working to get a ban on fracking in both the Republican and Democratic Party

Platforms. The Democratic Party has created **a form** for individuals to submit written or video testimony, but the deadline is today, Saturday, June 18.

Can you take a few minutes to submit a comment to the Democratic Party to call for a ban on fracking?

There is currently a big debate about whether the platform will include a ban on fracking. We need to get as many comments in as possible, including stories from people being impacted by fracking and related activities including frac sand mining, to show support for a ban. Please take some time to submit a comment, and ask others you know to do the same. Comments should be submitted here: **<https://demconvention.com/platform/>**

If you submit a comment, please send a copy to **katy@fwwatch.org**

Thanks!
