
Subject: HERE IS THE CHANCE OF A LIFETIME FOR ALLAMAKEE COUNTY, IOWA PROTECTORS

JOIN IN THE EFFORT TO REGAIN LAND IN IOWA.

**11/26/17
ALLAMAKEE COUNTY PROTECTORS**

CALL TO ACTION!

Hey All,

**Well, here it is! The potential Frac Sand
Transload facility near my house is up for
sale!!**

**Most of you have heard my story over the past
several years and understand the importance
this piece of property represents.**

**Check out my Go Fund Me campaign. I'm
aiming high! The environmental and historical
value of this piece of land is priceless!**

<https://www.gofundme.com/help-stop-fracking-stop-frac-sand>

Very seldom does the industry give in during a lull, this is our chance to buy back something that should have never been developed in the first place. Less than 10 years ago this was a productive field.

Due to the wide basin of the Upper Iowa River, there is no other piece of land up or down the Mississippi River for 50 miles that would suit industry better!

If you know anyone interested in purchasing the property or need more info please contact me directly. Please feel free to forward this information on.

We look forward to working with other groups and individuals on acquiring this land. Allamakee County Protectors Education Campaign is a 501c3 organization.

Please help us stop frac sand mining and processing while preserving a beautiful piece of land which we all will be able to enjoy for future generations!

**Onward,
Robert**

**Robert Nehman, Executive Director
Allamakee County Protectors Education**
