
Subject: A LINK TO THE DEBATE ABOUT FRAC SAND MINING IN MONROE AND JACKSON COUNTIES

If you did not hear the radio program on Thursday, click on the link and listen. An article by Rich Kremer provides additional information on the Meteor Timber controversy.

If you were unable to hear the program on FRAC SAND MINING issues in Jackson and Monroe Counties on Thursday at 88.3 FM, it is because it was not featured that day. However, the program at 90.3 FM was re-broadcast from a week or so before that.

Below is the link! Be certain to hear the questions from Rich Kremer and the answers from John Behling, attorney for Meteor Timber, the company attempting to acquire the 16.25 acres of wetland from the Town of Grant in Monroe County. Their mine is in Jackson County and there are controversies surrounding the large acreage desired by the company for trans-load and processing

purposes. A judge may soon make the decision.

Link to 90.3 <https://www.wpr.org/listen/1258621>

In addition, a very interesting article from the Rice Lake Chronotype written by Rich Kremer, host of the radio program, brings out additional information about the controversies.
