Issue:#210
Date: JUNE 22, 2018

Public Notice of an Air Pollution Control Permit Application Review Facility

Description

Superior Silica Sands - Clinton Plant, located at 1058 US Highway 8, Barron, Barron County, Wisconsin, FID

603108330, submitted to the Department of Natural Resources (DNR) a permit application, including plans and specifications for the modification of existing industrial sand processing operations by removing sand throughput,

vehicle miles travelled, and sand processing rate limits; and the operation of an industrial sand processing facility.

Air Pollution Control Construction Permit No. 16-MHR-205

Air Pollution Control Operation Permit No. 603108330-F01

Application Review

DNR has made a preliminary determination that the application meets state and federal air pollution control requirements

and that the permit should be approved. You can review the permit application, the DNR's analysis and draft permit prepared by the DNR at the Department of Natural Resources Bureau of Air Management Headquarters, Seventh Floor, 101 South Webster Street, Madison, Wisconsin, 53703; and at West Central Region Headquarters, 1300 W. Clairemont Avenue, Eau Claire, WI 54701.

This information is also available for downloading from the Internet at

<http://dnr.wi.gov/topic/AirPermits/Search.html>

For questions on the permit application, the DNR's

analysis and the draft permit prepared by the DNR, or
to make
arrangements to review the documents at a DNR
office, please contact Michael Ross at (608) 785-9973
or by email
at michael.ross@wisconsin.gov

The department has made the determination under
ch. NR 150, Wis. Adm. Code, that this type of
proposal normally
does not have the potential to cause significant
adverse environmental or secondary effects.
This is a preliminary determination and does not
constitute a final approval from the Air Management
Program or
any other DNR sections which may also require a
review of the project.

Public Hearing

The department published a public notice on June 11,
2018 in the Wisconsin State Journal and on the
Internet at

[http://dnr.wi.gov/cias/am/amexternal/public_notices.a
spX](http://dnr.wi.gov/cias/am/amexternal/public_notices.aspx)

The department received a request on June 15,

2018 to hold a public hearing on the proposed project.

NOTICE IS HEREBY GIVEN that, pursuant to ss. 285.13(1), 285.61(7), and 285.62(5) Wis. Stats., DNR will hold a public hearing to receive public comments on the air pollution control permit application for the proposed facility modifications. All comments received by DNR on the proposed project will be considered by DNR prior to making its final decision regarding this project. Notice is further given that the public hearing will be held:

Thursday, July 12, 2018 at 6:00 PM
Barron County Courthouse Auditorium
335 East Monroe Avenue
Barron, Wisconsin 54812

All comments received by the DNR at the public hearing, and during the public comment period will be considered prior to making a final decision regarding the proposed project. The comment period ends Wednesday, July 11, 2018. After the public hearing and the close of the

public comment period, a final decision will be made
on whether
to issue or deny the air pollution control permit.

Information on the public commenting and hearing
process is
available at

<http://dnr.wi.gov/topic/AirPermits/Process.html>

Reasonable accommodation, including the provision
of informational material in an alternative format, will
be provided
for qualified individuals with disabilities upon request.
