

**Subject:** Beware of invoices sent to you by Frac Sand Sentinel

---

Please do not open up any invoices you think may be coming from Pat Popple

## **ALERT**

**During this past week, several Frac Sand Sentinel readers have notified me (thank you!) that they have received an invoice from The Frac Sand Sentinel for the purpose of payment.**

**I want you to know that I do not collect money from anyone for doing this completely volunteer effort on my part!**

**If you receive an invoice, please do not click on the link. The address listed and the phone number may not actually be mine. Some think I have been hacked.**

**I have notified Constant Contact and they are certain no one has hacked this domain. I have also had many scans run on my computer by professionals so it is doubtful hacking has**

**occurred. Of course it is easy to obtain my name, number and email address, but how they are getting yours is questionable.**

**Be sure when you send email messages to others that you are not sending to anyone who would forward those addresses for the purpose of scamming. It is a good way to collect addresses. So far, I have been notified by a person from PA, one from TX, and 3 from Eau Claire Co. If you receive a notice, please let me know. Also, please delete them!**

**These invoices certainly are a SCAM and most of us are receiving various forms of them from others daily as we use modern technology. including the internet and telephone.**

**Be on the outlook!!!**

**Just remember that I don't send invoices!**

**Thanks much, Pat P  
HAVE A WONDERFUL 4TH OF JULY  
CELEBRATION WITH FAMILY AND FRIENDS!**
