

Subject: WATER IS A HUMAN RIGHT!

WATER, WATER EVERYWHERE AND NOT A DROP TO DRINK?

Take a look at the abstract and the article written by Dr. Ted Auch from FracTracker and others regarding:

"The Human Right to Water and Unconventional Energy"

Dr. Ted Auch will be speaking at the Grassroots Festival on Sept. 22 to be held in the Ojibwe Room in the Student Center at UW-EC. He is with FracTracker located in Ohio and he has been studying the impacts of Extreme Energy Extraction. He has an abundance of information that impacts all of us in regard to land and water use and their protection. Students are invited to attend along with all who are concerned with our environment, equality issues, our economy and education for all.

Plan to attend.
