

.....keeping watch on
the industry

Issue: #294
Date: September 16, 2019

**A Webinar you will
not want to miss!**

The Shale Revolution is here, but it may not be for long unless we let it. David Hughes from the Post Carbon Institute presents some interesting and appealing information you will not want to miss. There are a variety of charts and diagrams used throughout the discussion which can encourage some great conversation. You may find it of use with others when shown in a group setting. Frac Sand Mining and Proppants are mentioned.

Please take some time to view this webinar. There is an abundance of important information to be

learned about the oil and gas industry and the future predicted.
