

The importance of submitting a hearing request can't be underrated. Scientists and citizens are encouraged to submit a letter stating the rationale for such a hearing. There is much to be learned by attending hearings and stating your research and findings with in written or oral format. Note the possibility of EPA involvement on this one.

Public Notice of an Air Pollution Control Permit Application Review in Monroe County

Facility Description.

**Smart Sand, Inc., located at 29499 US HWY 12 ,
Oakdale, Monroe County, Wisconsin, FID
642078030, submitted to the Department of Natural
Resources (DNR) a permit application, including
plans and specifications for revision of
construction permit 16-POY-091, revision of
construction permit 17-POY-143, and revision of
operation permit 642078030-P02 for operation of**

an industrial sand mine and processing plant facility.

The following permit actions and numbers are being noticed:

**Air pollution control construction permit revision
16-POY-091-R1**

**Air pollution control construction permit revision
17-POY-143-R1**

**Part 70 air pollution control operation permit
revision 642078030-P06**

Application Review.

DNR has made a preliminary determination that the application meets state and federal air pollution control requirements and that the permit should be approved. You can review the permit application, the DNR's analysis and draft permit prepared by the DNR at the Department of Natural Resources Bureau of Air Management Headquarters, Seventh Floor, 101 South Webster Street, Madison, Wisconsin, 53703; and at West Central Region Headquarters, 1300 W. Clairemont Avenue, Eau Claire, WI 54701.

**This information is also available for downloading
from the Internet at**

<http://dnr.wi.gov/topic/AirPermits/Search.html>

**For questions on the permit application, the DNR's
analysis and the draft permit prepared by the DNR,
or to make arrangements to review the documents
at a DNR office, please contact Beth Perk at (608)
267-0573 or by e-mail at Beth.Perk@wisconsin.gov**

**This is a preliminary determination and does not
constitute a final approval from the Air
Management Program or any other DNR sections
which may also require a review of the project.**

Public Comments.

**Interested persons wishing to submit written
comments on the application or DNR's review of it
or wishing to request a public hearing should do
so within 30 days of publication of this notice.
Posting and Public Comment Deadline dates can
also be found on "Air permit public notices" web
page located at**

http://dnr.wi.gov/cias/am/amexternal/public_notices.aspx

Comments or request for hearing should be sent to:

**Wisconsin Department of Natural Resources,
Bureau of Air Management, 101 S. Webster Street,
Box 7921, Madison, WI 53707-7921.**

Attn.: Beth Perk.

If a hearing is requested, the requester shall indicate their interest in the permit and the reasons why a hearing is warranted.

All comments received by the DNR at the public hearing if one is held, and prior to the close of the comment period, will be considered prior to making a final decision regarding the proposed project. After the close of the public comment period, a final decision will be made on whether to issue or deny the air pollution control permit. Information on the public commenting and hearing process is available at

<http://dnr.wi.gov/topic/AirPermits/Process.html>

Reasonable accommodation, including the

provision of informational material in an alternative format, will be provided for qualified individuals with disabilities upon request.

For Part-70 sources, the revised operation permit will not be issued until the United States Environmental Protection Agency (US EPA) has an opportunity for review. After all comments received during the public comment period have been considered, a proposed revised operation permit will be drafted and sent to the US EPA for review. DNR will post the start date of the US EPA review on the Internet at

<http://dnr.wi.gov/topic/AirPermits/Search.html>

Any person may petition the US EPA under 40 CFR Part 70.8(d) within 60 days after the expiration of US EPA's 45-day review period to make an objection to the operation permit revision. Unless the US EPA objects in writing to the issuance of the operation permit revision as proposed within US EPA's 45-day review period, DNR will issue the final operation permit revision as proposed.
