

Read about the SAFER AT HOME initiative enacted by Gov. Tony Evers

*.....keeping watch on
the industry*

Issue: #326
Date: March 25, 2020

Election Day, April 7, 2020, will be rolling around soon. It is critical that all folks in Wisconsin apply for and obtain an absentee ballot. People may sign up at the website below.

<https://myvote.wi.gov/en-us/VoteAbsentee>

Deadline for obtaining an absentee ballot is April 3, 2020.

If you have not registered, the deadline has been moved to March 30, 2020.

You can see a full list of Wisconsin election deadlines here:

<https://myvote.wi.gov/en-us/VoterDeadlines>

It is also very important that people from all walks of life follow the SAFER AT HOME initiative developed by Governor Tony Evers and his staff for implementation this week. Among other things, it explains what a person and family can do and

also visits about what they can't. Please read and then apply accordingly.

SAFER AT HOME INITIATIVE

- **Stay at home: read and follow Governor Evers' Safer at Home initiative, and only take essential trips such as to your work, the grocery store, pharmacy, or health care center**
- **Practice social distancing: stay 6 feet apart from people when in public, and limit your social circles to seeing as few people as possible (however, please make sure to virtually keep in touch with your entire support system)**
- **Clean often: wash your hands regularly for at least 20 seconds, cover your mouth and nose when coughing or sneezing, and refrain from touching other people (shaking hands)**
- **Be mindful: if you are sick or think you may have come into contact with someone who is sick, stay home, avoid touching your face, and clean frequently touched surfaces often**

Flattening the Curve

You may have heard about "flattening the curve"

in the news or online. The goal of protective measures like social distancing and the Safer at Home initiative is to spread out COVID-19 cases over a longer period of time. This will allow health care facilities, like hospitals, time to treat and discharge patients.

Without flattening the curve, the healthcare system will become overwhelmed. Please take the advice of the CDC and Wisconsin Department of Health Services seriously. Please follow guidelines and help us all flatten the curve.

We want everyone to be safe from the corona virus and come through the "pandemic" with flying colors.

**VOTE--VOTE--VOTE!
by ABSENTEE BALLOT!!!!**

REGISTER TO VOTE!!!
