

ALERT TO ALL! JOIN IN ON TWO OPPORTUNITIES FOR LEARNING!

*.....keeping watch on
the industry*

Issue:#351
Date: November 16, 2020

SIGN UP FOR ATTENDANCE!

Frac sand mining in NW Wisconsin is contributing to the fossil fuel industry's attempts at "fracking" to obtain as much oil and gas from the oil and gas fields as possible, not only to heat homes and provide fossil fuel energy to industries, but also build out infrastructure, for example, for the manufacture of plastics in such places as Pennsylvania.

Jeremy Gragert is sharing the opportunity below because he expects it to be one of the best and most relevant to what we can do on the local level in Eau Claire, and in Wisconsin communities in general. Senior Planner Ned Noel from Eau Claire County is one of the panelists!

"Local Governments & Clean Energy" will be this Tuesday, November 17 at Noon!

Subject: Local Governments and Clean Energy
Webinar - Join RENEW Wisconsin and these great
panelists!

Local governments from across Wisconsin are making progress on transitioning to renewable energy, reducing operating expenditures on utility bills, and helping to address residents' desire to reduce emissions. Hear from local elected officials and staff about the process they utilized to implement clean energy goals under challenging fiscal circumstances.

HOSTS

Heather Allen, RENEW Wisconsin
Curt Witynski, League of Wisconsin Municipalities
Scott Coenen, Wisconsin Conservative Energy Forum

OPENING REMARKS

Mayor Eric Genrich, City of Green Bay

PANELISTS

Mayor Rebecca Glewen, City of Beaver Dam
Ned Noel, Senior Planner, City of Eau Claire

Craig Harmes, Manager, Business Development, Dairyland Power
Cooperative

REGISTER

You will receive all the relevant information you need to know about attending this webinar if you just register by pressing the tab above.

Here is another chance to register for a forum by Wisconsin experts on Energy and Climate Justice. Check out this opportunity to see who will be presenting on the panel.

Engage with folks behind "Gov. Ever's" climate change response initiative by using this link:

Sponsored by the Wisconsin Energy Institute from the University of WI, Madison, a panel of 5 will discuss energy issues. If you click on the link above you will be able to register and receive all the pertinent information as to how to attend the conference starting at 4:15 p.m. and ending at 5:45 p.m. on Tuesday, November 17, 2020.

Please join in attending either one or both on this

day: November 17, 2020. You can be helpful, despite Covid-19 threats, to educate yourself and your children and family members about this critical issue of all time and how it regards our safety and welfare and life on this earth as we know it.
